Fuyo General Lease Signs UN Global Compact

Working toward a Sustainable Society

Fuyo General Lease has signed the UN Global Compact, an international initiative advocated by the United Nations for the realization of a sustainable society.

Fuyo General Lease Co., Ltd. (Chiyoda-ku, Tokyo; representative director: Yasunori Tsujita) has signed the United Nations Global Compact (the UNGC)*, joining the Global Compact Network Japan—an alliance of UNGC signatories in Japan.

In keeping with our CSR Action Guidelines, we aim to help create a sustainable society through active engagement in business activities that are friendly to both people and the Earth. Signing the UNGC is a testament to our unwavering commitment to addressing social issues through our businesses.

Fuyo General Lease will continue working toward the realization of a sustainable society.

* The UN Global Compact is a voluntary initiative by companies and groups to participate in the creation of a global framework for sustainable growth. UNGC signatories are expected to uphold the Ten Principles of the UNGC in the areas of human rights, labor, the environment, and anti-corruption, and incorporate them into routine business practices.

First proposed by then UN Secretary-General Kofi Annan at the 1999 annual meeting of the World Economic Forum in Davos, the UNGC was officially launched in 2000.
